INTRODUCTION

Hello everybody, i know this is a late spring newsletter but as i sit here compiling it in mid april, it is a very late spring, and it is hail stoning as I type.

I apologise for the lateness but i fell at work in the new year and have had my arm in plaster for three months and have just mastered typing and using the mouse with my left hand. I was waiting for some more material for this news letter but will have to include it in the year book as it has not arrived. Can members think about material for this year's year book and try to provide adverts articles and photographs to as well the pages.

The club managed to claw itself back into the black last year with a profit of £83, please help us to continue this trend by paying subscriptions on time and supporting the year book with adverts. Postage remains a big expense much of the profit was derived from saving postage on the year book (£1.20) by handing it out to members at the national and federation shows, this will mean that some members may receive their year book a month before the remainder are posted out.

We are endeavouring to provide the rosettes, cards and replica trophies that everyone values so much
